## Universal Energetic Bodywork

Tony Robinson has developed a very subtle form of equine and human bodywork which has proven to be a most powerful and effective therapeutic treatment for both horse and humans.

A simple effective technique

- to help you and your horse to relax,
- to deal with emotional issues,
- to flush toxins from the body

When we heal things at an energetic level we are treating the source of the problem rather than the symptom which is why the treatment is so successful.
